DAHER, OFFICIAL PARTNER OF FRANCE AIR EXPO LYON

The only general aviation exhibition in France, FRANCE AIR EXPO Lyon, held from 4 to 6 June 2015 in Lyon-Bron Airport, announced a new partnership with Daher. The manufacturer, which designs and produces the range TBM 900, has become a benchmark in the business aviation sector. Partnering with the show since the beginning, Daher renews its commitment for the 9th consecutive year, establishing a significant presence at France Air Expo-Lyon.

Daher offers significant support to the show, allowing the show to continue its growth and development. The French firm which exhibits its range every year at the show, will present for this 9th edition the TBM 900.

The TBM 900 is the newest member of the family of aircraft to business turboprop. It offers high performance, including:

- A maximum cruise speed of 330 knots (611 km / h)
- A maximum range of 1,730 nm (3200 km)
- Moderate fuel consumption - 140 l / h economical cruising

This performance is the result of aerodynamic optimization work and technical improvements. Its flying range, its carrying capacity, as well as its ability to land at small airports are some of the preferred features of its operators.

Nicolas Chabbert, Director of Business Unit Aircraft of Daher, welcomes the continued partnership. "We appreciate the organization of the exhibition, as they are both rigorous and adaptable. As for the spirit of the show, it suits us completely.
